

HOPE CHRISTIAN CENTER

SUMMER INTERNSHIP

OVERVIEW

The aim of the Hope Christian Center Summer Internship is to provide men who desire to teach and preach God's Word an opportunity to engage in daily face-to-face ministry with men who have struggled with drug and alcohol addictions (or are seeking freedom from other life-controlling issues), to grow in teaching the Bible in a context that requires clarity and simplicity, and to experience life in a small inner-city church committed to the gospel.

WHAT IS HOPE CHRISTIAN CENTER?

Hope Christian Center is “a residential discipleship program for men with life controlling problems.” More specifically, Hope is a house in the Bronx where men (up to 15 at a time) from all sorts of backgrounds and with various kinds of life-controlling or family-damaging addictions and hang-ups are given a place to live, eat, and learn about Christ from pastors and Christian teachers. Though some call Hope Center a “drug rehab program,” it would be more accurate to describe it as a strictly structured Bible school and counseling center (see Appendix A for more specifics about the program).

OPPORTUNITIES & RESPONSIBILITIES

The Hope Summer Internship lasts 6 weeks and involves a wide range of ministry opportunities (to one intern each summer). The intern will maintain a consistent ‘core’ ministry to the men of Hope Center, while at the same time benefitting from more occasional opportunities to teach, serve, and worship alongside the members of the Bronx Household of Faith (BHOF), a closely affiliated local church. On the flipside, the Summer Internship provides both the men of Hope and the members of BHOF the opportunity to be encouraged and challenged by the unique gifts and insights of a Christian brother from another church.

Among other things, the HCC Summer Intern will have the opportunity to:

@ Hope Center

- Conduct one-on-one interviews of incoming HCC students (see Appendix B)
- Plan and lead morning chapels (half-hour devotionals, 2x weekly)
- Plan and teach a two-week course on a book of Scripture (8 sessions total)
- Participate in various classes and activities alongside HCC students
- Conduct one-on-one follow-up interviews with students in the later phases of the program

@ The Bronx Household of Faith

- Teach two sessions of Bible class to students at BHOF's school for at-risk middle schoolers
- Plan and share a 5-minute (informal) exhortation to prayer at a midweek prayer meeting
- Preach for a Sunday morning service
- Participate in BHOF's Vacation Bible School program, a week-long outreach to kids in the immediate neighborhood

APPENDIX A: MISSION, VISION, PROGRAM

MISSION

To present the whole counsel of God through daily Bible classes and church services, and apply its truth in work situations, conflict resolution, personal and family counseling, while coaching a man as he progresses from the street to a stable Christian lifestyle.

VISION

To see men with life-controlling problems become mature men of God, being faithful in their responsibilities as husbands, fathers, sons, employees and church members.

PROGRAM

Hope Christian Center is a residential discipleship program for men 18 years and older. It provides a structured, supportive routine of instruction, study, work, and fellowship for the purpose of introducing men to genuine knowledge of the living God through Jesus Christ and equipping them to live in reliance on him.

Three Phases

In the first phase, lasting four months, men attend four hours of chapel and Bible classes in the morning and refinish furniture in the afternoons.

The second phase, lasting one month, includes Bible classes in the mornings, volunteering at other ministries and helping at Hope as needed.

Having demonstrated readiness for employment or school, a student enters the third phase. During these four months, he obtains employment, saves money for renting a room/apartment and connects with a local church.

Graduation

After demonstrating faithfulness for the next year in his walk with the Lord, his family responsibilities, his church and his employment, a man is considered a graduate of Hope Christian Center.

APPENDIX B: NEW STUDENT INTERVIEW

Because Hope Christian Center operates on the conviction that the crucial question for each man who enters the program is about his relationship to Christ, everything done here revolves around helping men think through their specific stories, sins, and struggles as they relate to God and his Word. Men encounter the truth that the glory of God, the words of Scripture, and the gospel in particular provide the only sane framework for understanding their place in God's world and the only ground for lasting hope.

To that end, Summer Interns are encouraged to take advantage of opportunities to hear from students about their lives and to engage the men with biblical wisdom and gospel-hope. This "survey" is given orally to incoming students as a means to facilitating interaction between interns and new students.
